

Universal Security & Shelf Brackets

APPLICATION

Leviton Universal Security Brackets allow for consolidation and integration of security products into any of Leviton 14", 21", 28", 30", or 42" Structured Media® enclosures. The 6-inch and 12-inch Universal Security Brackets accommodate the widest variety of security alarm panels. These 1-inch-wide brackets are sold in pairs with self-tapping screws and spacers for easy attachment to the panels. The Leviton Universal Shelf Bracket provides space for security batteries of various sizes as well as other products to be mounted within Leviton Structured Media enclosures. The bracket comes with four eight-inch-long VELCRO® Brand strips to strap down products to the shelf, ensuring both vertical and horizontal stability.

FEATURES

Universal Security Brackets

- Available in 6- or 12-inch, 1-inch-wide lengths to accommodate the widest variety of security alarm panels
- Allow multiple upgrades (limited only by the enclosure size) to be added to an existing security system terminated within any Leviton Structured Media enclosure
- Sold in pairs with self-tapping screws and spacers to easily connect the largest number of security alarm manufacturers' panels
- Pushlock pins make attachment of brackets in Structured Media enclosures quick and easy

Universal Shelf Bracket

- Allows security batteries and other products to be mounted inside any Leviton Structured Media enclosure
- Vertical and horizontal slots on the bracket accommodate VELCRO® Brand strips, ensuring vertical and horizontal stability
- Pushlock pins make attachment of brackets in Structured Media enclosures quick and easy
