

TechChoice

Part Number: OR-KSFCN

Description: F-connector Keystone module, 180° exit, F/F, (75 ohm), fog white, sold individually. For more information, please contact your local sales representative.

TechChoice keystone jacks and modules feature an easy-to-follow universal wiring label and support standard termination using a 110-impact tool. The keystone footprint allows for the greatest flexibility in installation scheduling because its rear insertion into the faceplate allows the technician to complete the termination before and during the construction process.

■ Specifications

Description

TechChoice structured cabling products combine reliability and ease of installation with quality performance and rugged construction to provide a cost-effective solution for today's communications technician.

Type

Workstation

Product Type

Multimedia keystone modules
