

MUSIC AND CALLS MADE FOR MOTION

Jabra ACTIVE – a new stereo headset designed for people in motion.

CHILL RHYTHM **ACTIVE** ◀

Designed for sport

With Jabra ACTIVE, athletes and active users will be able to listen to music and train hard without worrying about adjusting their ear buds. Ergonomically designed for sports, the sweat and water-resistant Jabra ACTIVE features Jabra ACTIVE Eargels, that securely and comfortably “lock” into the ear so they won’t fall out. The headset offers superior sound quality, microphone wind-noise reduction and comes with a neat carrying case making it easily portable.

Jabra ACTIVE is part of Jabra’s new corded stereo headset family, which consists of three unique headsets tailored toward people on the go, music lovers and sports users. Our aim is to give customers unmatched value by offering the ultimate balance between sound, comfort and design in each category.

Each headset features earphones ergonomically designed to follow the contours of the ear – they look great and they offer a comfortable fit that stays securely in your ear. Sound quality is crucial in this range and Jabra products offer vibrant stereo music and clear, crisp calls.

Our portfolio includes a unified control box that allows users to conveniently listen to music and answer calls. The headsets all feature a 3.5mm gold-plated plug, ideal for the transmission of premium music quality and a perfect companion to your mobilephone* or MP3 player. Jabra ACTIVE includes skip track functionality for Apple iPhone[®].

Note: Please only use one headphone while driving

* Compatible with most phones with 3.5mm plug (Apple iPhone[®], HTC, Blackberry, LG, Motorola). Use extra phone adapter in pack for compatibility with most phones from Nokia, Sony Ericsson and Samsung.

Reasons to choose the Jabra ACTIVE

- Secure fit for active use
- Superior sound quality
- Sweat and water resistant

Quick Start Guide

Answer/end calls* and skip tracks functionality* conveniently via your microphone control box

Tap the answer/end button:

- 1 x to answer/end a call
- 2 x to skip to next track
- 3 x to go to previous track

Connect your new headset with your phone

Insert the plug in the 3.5 mm plug in your phone.

Ensure perfect comfort and sound flow in your ears

Great sound in a headset depends on quality speakers and a perfect, secure fit. The headset units are ergonomically shaped to fit your ears. For optimal comfort and sound, make sure which headset unit is for the right and for the left ear. It is marked on every unit with R and L.

Right headphone ergonomics

Left headphone ergonomics

How to use carry case

Insert headset units into carry case. Wrap cord around carry case like illustrated. Use the carry case and avoid tangled cords 'on the go'.
