- Super-lightweight, robust design
- Visual boom positioning guide
- Soft, luxurious ear cushion for all-day comfort
- Wideband audio for higher quality calls

AUDIO PROCESSORS

VISTA M22

DA80

KEY FEATURES

- Elegant, super-lightweight, robust design and soft audio-optimized ear cushion provide all-day comfort
- Visual boom position guide makes it easy to establish optimum mic placement
- Two sizes of bendable earloop for a comfortable, secure, personalized fit
- Tuned wideband audio delivers richer, clearer conversations while SoundGuard technology protects users' hearing and listening fatigue
- Quick Disconnect feature provides walkaway convenience and compatibility with all Plantronics USB and desk phone audio processors and direct connect cables

EncorePro headsets require a Plantronics audio processor or direct connect cable to connect to phone, or USB audio processor to connect to computer.

VISTA M22 AUDIO PROCESSOR

The Vista M22 audio processor delivers precise levels of listening comfort, sophisticated hearing protection, and superior audio performance. The Vista M22 includes Clearline audio to improve call quality in any environment, especially wideband VoIP.

DA80 USB AUDIO PROCESSOR

Compatible with all Plantronics QD-equipped headsets, the Plantronics DA80 is a high-performance USB audio processor with high-quality audio and one-touch call, volume and mute controls. The DA80 also helps you meet OSHA/Noise at Work regulations.

Connects to	PC or desk phone with Plantronics audio processors or cables
Ideal for	Telephone-intensive users, including formal customer care centers, help desks, telesales, and customer service organizations
Hearing protection	SoundGuard technology: acoustic limiting for protection against sounds above 118 dBA
Audio performance	Wideband audio (up to 6,800 Hz), noise-canceling microphone
Limited warranty	Two years

Headset	Model	Weight
HW530	Over-the-ear, monaural, noise-canceling	22g
